Autumn Term 2021

Dear Parents/Carers;

We're going to enjoy a yummy journey of discovery, sampling fantastic fruits, vitamin rich vegetables and a few tantalising treats!

This term, we'll (hopefully) visit a local supermarket to find out about the food sold there. We'll bring back samples of fruits and vegetables so we can investigate them using our senses. Will we like everything we taste? We'll try different types of bread, and maybe even bake our own. In expressive arts, we'll look closely at fruits and vegetables and sketch what we can see. We'll follow recipes and learn about foods from around the world. Our science work will focus on food groups and how food can be altered. Will we be able to create bouncy eggs, edible slime or exploding chocolate drops? Using fruits and vegetables, we'll make musical instruments and sculptures. We'll also learn about the fascinating discoveries made by the physicist James Lind. We'll sing songs about food and play our vegetable musical instruments.

This is a perfect opportunity to taste new foods and have a go at following recipes. Why not bake healthy muffins or prepare a slow cooker stew together? You could also sample adventurous foods from around the world. Alternatively, you could read the packaging of foods in your fridge to find out where they have come from.

-Complete one activity off the homework matrix throughout the term.

-Spelling words will be sent home every half term, the children will also have time to practice these words in school every day.

-Regular timetables practise will help your child/children to become more confident and competent within numeracy tasks. Weekly MyMaths online tasks and lessons will also be set.

OUTDOOR PE THURSDAY/INDOOR PE FRIDAY PLEASE ENSURE A SUITABLE KIT IS WORN TO SCHOOL ON THESE DAYS

Please read with your child at home every night and send your child's book to school with them every day.

Do what you can when you can!

Thank you for your continued support

Miss White and Year 3-4 Staff
