

The Romans are Coming!

Year 3-4 Summer Term 2021

Sin, sin, sin, dex, sin. Left, left, left, right, left.

Watch out; the Romans are coming! This term, we will visit a virtual Roman site and learn about aspects of everyday life in Roman times. We'll understand why the Romans came to Wales and order events on a Roman timeline. Studying the ancient site of Caerleon will help us to understand what life was like in a Roman fort. We'll develop the skills of a Roman soldier and learn about the life of Tadius, who lived at Caerleon 2000 years ago. We'll learn to read Roman numerals and extend our vocabulary by learning Latin words. Our creative skills will improve as we make jewellery and mosaics. We will design a Roman aqueduct and use Minecraft Education Edition to build a Roman Fortress. We'll also meet the Welsh hero, Caradog, and learn about his amazing story. We'll look at the events that lead to the end of Roman rule and learn about the Roman legacy in Wales.

Help your child prepare for their project The Roman world is fascinating. Why not visit a local museum to find out about Roman life in your area (virtually). You could also use mosaic tiles, small foam squares or paper to create a Roman mosaic design. Alternatively, visit the local library to find a range of story and information books about the Romans to read together.

INDOOR PE FRIDAYS/OUTDOOR PE THURSDAYS

Weather permitting both sessions could take place outdoors

Please read with your child at home every night, little and often is best. Ensure to practise your weekly spelling words there are lots of fun ways to do this rainbow writing, bubble writing, look, cover, write and check method, in shaving foam/washing liquid...

Thank you for your continued support

Stay safe

Miss White and Staff
