

Highlight the NOUNS, ADJECTIVES and VERBS in 3 different colours

Remember:

A noun is an object, name, place.

An adjective is a describing word.

A verb is a doing word.

It all began after the grown-up dragons disappeared. I felt terrified! I was so helpless and tiny, but I could not let people know that. As I was the last dragon left, it was important that I got my ferocious roar right! So, to practise, I quickly built a wooden bridge over a fast-flowing river and as people tried to cross, I roared loudly. I laughed as they scampered away from my statuesque body compared with their miniscule ones!

Extension: Write some sentences of your own, that include a noun, verb and adjective. Make them interesting.
