

Taking Away

Currant Buns Subtraction

The teddy bears love going to the baker's shop to buy currant buns. How many currant buns are in the shop at first? Then, how many does a teddy take away? Can you draw and write how many buns are left in the shop?

First, there are **5**
currant buns.

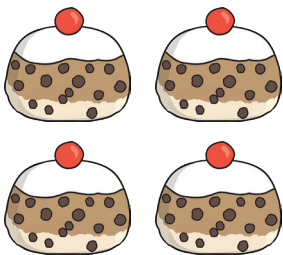

Then, a teddy takes
1 bun away.

Now, there
are buns.

First, there are **4**
currant buns.

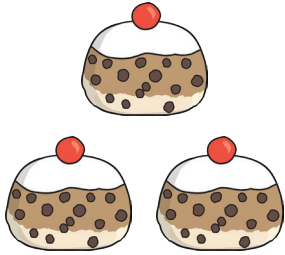

Then, a teddy takes
1 bun away.

Now, there
are buns.

First, there are **3**
currant buns.

Then, a teddy takes
1 bun away.

Now, there
are buns.

First, there are **2**
currant buns.

Then, a teddy takes
1 bun away.

Now, there
is bun.

First, there is **1**
currant bun.

Then, a teddy takes
1 bun away.

Now, there
are buns.
