intestines

lungs

Instructions

1. Print on cardstock.
2. Colour cahopic jars.
3. Cut everything out (leave heads attached to rectangles, but make incisions on the side).
4. Roll and glue blank jar sides on flap.
5. Put glue on two circles. Stick one on the outside of the triangular flaps, the other inside (so that they double up).
6. Repeat for all four jars.
7. Glue covers with heads along the sides.
8. Admire your work.
