

Make a

Bird Leaf Craft

Leaf Bird Craft Instructions

Materials and equipment:

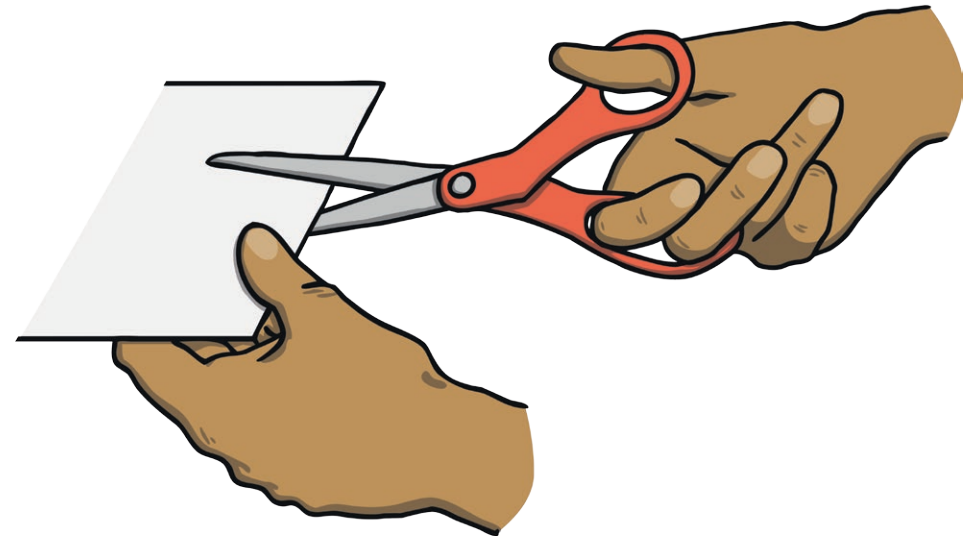

- Pair of scissors
- PVA glue
- Autumn-coloured paints or colouring pencils
- Selection of autumn leaves
- A4 paper

Step 1

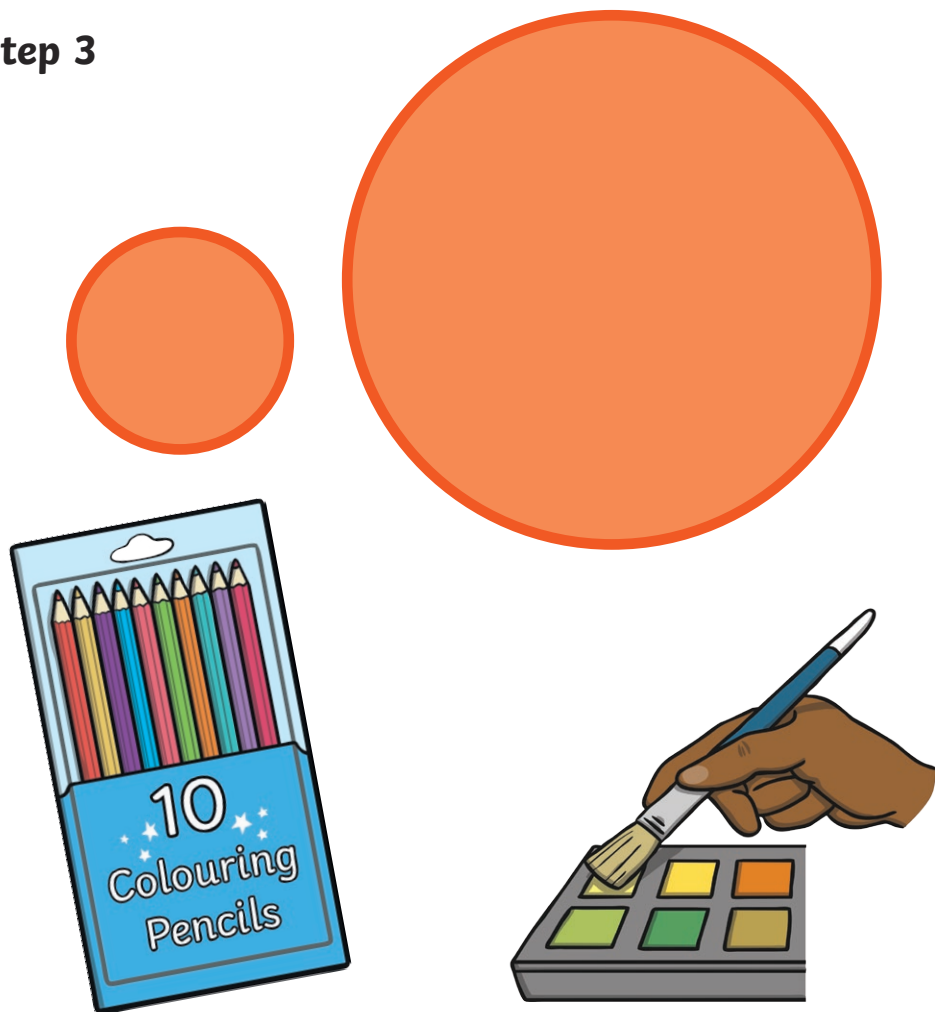

Go outside and collect some autumn leaves. The spikier the better, as birds can have bushy tails.

Step 2

Carefully cut out the two circles.

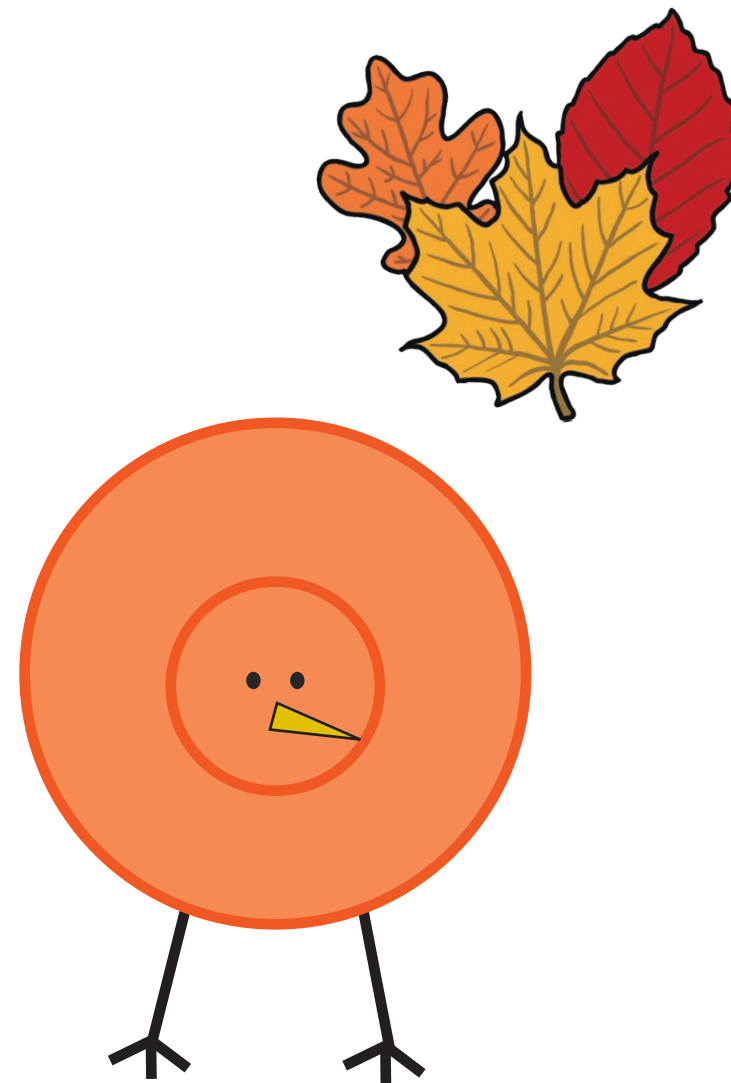

Step 3

Use the autumn-coloured pencils or paints to colour in the two circles. The larger one is the body and the smaller one is the face.

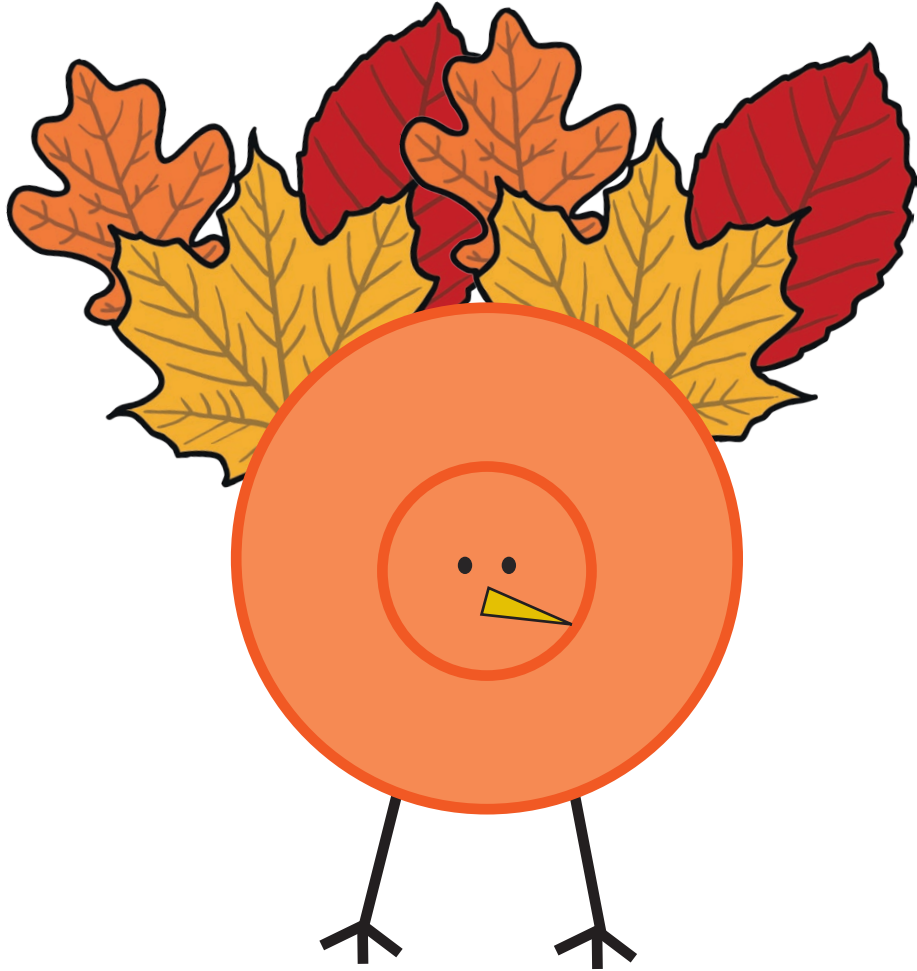

Draw eyes and a beak on the smaller one and stick it in the middle of the larger circle.

Step 4

Use your PVA glue to stick the autumn leaves to the back of the large circle, creating a tail for the bird. Layer them up to make it even spikier.

Step 5

Finally, stick the bird onto the paper and draw or paint the legs.
